

# Prepper Bundle 2017

## Books & Descriptions

### **Angela Paskett**

Food Storage & Survival

#### *Prepared Kids*

Our children are the next generation of adults in the world, and we get to help raise them! Whether we are their parent, grandparent, guardian, or family friend, we can raise children that are responsible and self-reliant. In this book, I share ideas that our family and others have used in raising our children that have helped foster in them an attitude of self-reliance and preparedness. 65 pages including activity pages.

### **Blake Alma**

Art of an Outdoorsman

#### *The Guide to Primitive Survival Traps*

A book for all outdoorsmen and survivalist who enjoy the sport of trapping and wilderness survival. With an easy, basic read and images for an easier understanding, this book provides you with instructions to making primitive survival traps. Blake Alma, the host of The Outdoorsman's Art Radio Show, provides you with an introduction to primitive traps, constructing primitive traps, where to set your trap, how to bait your trap, and much more!

### **Charisse Merrill**

#### *Meal Planning for Long-Term Food Storage*

Start building your food storage today! This kit is the easiest step to building your long-term food supply. Including 7 different recipes for breakfast, lunch, dinner and dessert. Recipes are basic and easily converted for food storage cooking. Each group contains a shopping list for 1 week, 1 month or 3 months to help facilitate easy gathering of a family's food supply.

### **Constance Beck**

#### *Prepping Like There's No Tomorrow*

How to prepare your kitchen and home in any type of disaster. Covers utensils, cooking fuels and stoves, lists of needed items, storing foods and budgeting for prepping needs.

### **Daisy Luther**

Organic Prepper

#### *A Prepper's Anthology of The Collapse of Venezuela*

Daisy Luther has been studying the collapse of Venezuela since 2013, when a law was passed that made prepping illegal. Since then, she has researched how the collapse has affected everyday people. Learning these things can help you to better prepare your own family, something that is especially important with our own country on the cusp of economic disaster.

Remember. Those who do not learn from history are doomed to repeat it.

### **Damian Brindle**

Rethink Survival

#### *How to Stop Burglars*

Inside my report, "How To Stop Burglars Dead In Their Tracks" you'll uncover who these criminals really are, how they plan heists, what factors deter them, which items they want most, 27 actions you can take right now to stop them (including easy security measures) as well as a dozen hiding spots no criminal will suspect.

### **Jennifer Osuch**

Self Reliant School

#### *Preparedness Planner: Firearm Edition*

The Firearm Edition allows you to not only keep track of your firearms but also allows you to keep track of your ammo stockpile. Easily track when you are running low on a certain caliber so you can add to your stockpile. Keep track of your supplies and your score at the range too.

### **Joan Crain**

Family Survival Planning

#### *Build Your Own Emergency Off-Grid Power System*

This book began as a project to prepare ourselves to survive without electricity for an extended period of time, maybe as long as a year. We share our research into battery-centric, electricity storage devices that most people refer to as "Solar Generators" using solar panels to collect electricity to store in batteries.

### **Jodi & Julie**

Food Storage Made Easy

#### *Food Storage Made Easy*

We were founded on the principle of building up a year's supply of food storage in simple babysteps. Our comprehensive program makes it easy! BABYSTEP CHECKLISTS: We start with a series of checklists. Each checklist gives specific food storage or preparedness items to buy, to learn about, and to try. FOOD STORAGE ENCYCLOPEDIA: The encyclopedia contains detailed information about every aspect of your food storage and emergency preparedness plans which we discuss in the checklists. RECIPE APPENDIX: Containing 60+ recipes, food storage equivalents & substitutions charts this is a complete resource on it's own.

### **Ken Youngquist**

Survivaltek

#### *Fifty Ways To Make Survival Tools From Trash And Household Items*

This is a collection of "how-tos" from the writings of Ken Youngquist as he explains the uses of "trash" as they apply to emergency and survival scenarios. Who knew that duct tape can be used as a magnifier? that a plastic bottle can start a fire? That a soda can combined with a

potato chip bag can pasteurize water? Learn these "how-to" techniques so that you can be better prepared for what lies ahead.

### **LeAnn Edmonson**

Homestead Dreamer

*Aftermath: A Story of Survival*

When the picture of a dog taking a squat shows up on every computer and cell phone screen with the words, "IT Happens," Jimmy Walker knew things would never be the same again. Bugging out to his cabin, Jimmy figured he would ride out the storm there. He knew there'd be trouble from those who hadn't prepared, but hadn't counted on the United Nations taking over. Banding together with others, Jimmy works to meet the threats that seem to come from all directions at once.

### **Leigh Tate**

5 Acres & A Dream

*How to Bake Without Baking Powder*

A familiar diet is a comfort during hard times. Baking powder has a limited shelf life, but with How To Bake Without Baking Powder, you will be able to create your own leavening power through basic kitchen chemistry. Discusses the science of baking powder, plus substitutes for both cream of tartar and baking soda. Contains 12 charts and 54 modern and historical recipes utilizing 20 different baking powder alternatives.

### **Lindy Sellers**

Lindy Sellers

*The Bohemian Lady's Journal of Wild Edibles*

The Bohemian Lady's Journal of Wild Edibles is a fun guide that will pique your interest in the wild flora and fauna that grow around your home. Full of recipes and watercolor art to help you identify many of the wild edibles that grow in your area.

### **Lisa Barthuly**

Homestead Originals

*Canning 101: A Primer*

Start building your food storage today, from scratch! Canning provides a means to build your pantry, one batch at a time ...of homemade, shelf stable food for you and your family. Not only build up your stock of healthy 'convenience foods' for your everyday pantry needs; but build a long (or short!) term food storage. Everyone has a 'rainy day', *eventually*. Be Prepared for it! Learn to what you'll need to start canning, where to find it and how to get started safely canning your own healthy, delicious food and meals.

### **Lisa Bedford**

The Survival Mom

*Organization: Your First Step To Getting Prepped*

Food storage, medical supplies, a stash of toilet paper, dog food, the Grab-n Go Binder, bug out bags – it's all part of prepping, but when you can't find what you need when the real crisis hits, what good is your pile of preps?

This ebook is your guide for getting your home in order, one room, one space at a time, with attention given to organizing your preps as well.

### **Megan Smith**

My Food Storage Cookbook

*Wonder Oven Recipes*

For those interested in Wonder Oven style thermal cooking, this e-book is a convenient way to get all of My Food Storage Cookbook's printable recipe cards. It begins with a 6 page explanation of Wonder Oven cooking (including best practices and tips) and is followed by 28 recipes. All in one, baby!

### **Melissa K. Norris**

Melissa K. Norris

*Mini Seed Saving eCourse*

Learn how to seed save your own garden seed every year from someone who has been saving the same strain of green beans in her family for over 100 years. Gain the foundational knowledge of seed saving, including cross-pollination, and never purchase seed from the store again. This course walks you through the amazing living history of heirloom seeds and how to start creating your own seed bank.

### **Misty Marsh**

Simple Family Preparedness

*Simple 72 Hour Kits*

Simple 72 Hour Kits is a unique step by step system for building a truly useful 72 hour kit for your family. It is especially helpful if you are short on time or money.

If you want to feel ready, calm and confident that you can immediately begin providing for your family in time of disaster, this book is for you.

### **Misty Marsh**

Simple Family Preparedness

*Your Shelf Stable Pantry*

Your Shelf Stable Pantry is a food storage recipes book for those want to enjoy using their food storage. These recipes are not boring or bland. Every recipe in this book is kid friendly, family approved and delicious. You'll find 6 breakfast recipes, 6 dinner recipes, 7 soup recipes, 8 bread recipes, and 4 side / salad recipes. In addition, you'll have 8 conversion charts you can use to convert your own family recipes to shelf stable versions.

### **Nettie David**

Preppers Survive

*Prepper Supplies Checklist*

Looking for a list of survival gear that can help you determine the right preparedness supplies for you and your family? In a crisis, can you provide the essentials your loved ones would need to survive weeks until FEMA arrives? Have you ever felt anxious or overwhelmed on your prepper journey because you don't know where to begin or how to track your progress? You are not alone. Prepper Supplies Checklist is a workbook designed to help the user develop an emergency preparedness plan. It is presented in an easy to read format that includes stories, photos, illustrations, helpful tips, and some great survival gear ideas!

### **Patrice Lewis**

Rural-Revolution

#### *Low-Tech Solutions to High-Tech Problems*

Sometimes bigger isn't necessarily better. Despite the push to acquire high-tech preparedness equipment, sometimes it's better to learn to do things the old-fashioned way.

Remember KISS: Keep It Simple, Silly.

### **Paul Wheaton**

Rich Soil

#### *Building A Cob Style Rocket Mass Heater*

A rocket mass heater (RMH) can heat your home with one tenth the wood of a conventional wood stove. A RMH is a DIY project that usually takes a weekend to build and about \$200 in materials. This DVD will show you two rocket mass heater builds featuring the most popular style: cob.

### **Scott Terry**

North Country Farmer

#### *Keys to Successful Homesteading*

Dreaming of leaving the rat race and going "back to the land"? Do you want to avoid costly mistakes and failure? I've set out to help others learn the **Keys To Successful Homesteading**. There are many books out there that cover the how-to aspects of raising food, preserving food, how to improve soil, find the best land or market produce. *This little book is different*. This book is more about having the proper mindset and making the right choices.

### **Shelle Wells**

Preparedness Mama

#### *6 Steps to Your Quick Win Emergency Kit*

Once you know the peace of mind that a stocked and ready emergency kit can bring, you 'll wonder why you waited so long to finish your own! This 4-week course helps beginners put together their emergency kit. We'll cover how to identify the likely disasters for their area, how to put together a simple kit to cover basic emergencies, and then how to put plans in place to personalize individual and family kits.

### **Sheri Ann Richerson**

Exotic Gardening

### *Homemade First Aid Kit*

Have you ever wondered how to make your own homemade first aid kit using natural products? Then this is the book for you. It tells you exactly what natural items you need in your first aid kit, what to use them for plus covers miscellaneous items-like tweezers - that you might accidentally overlook when making your own first aid kit.

### **Sheri Ann Richerson**

Exotic Gardening

#### *Living Off The Grid*

Living off-grid is fast becoming a very popular option to those people wishing to lessen their carbon footprint, affirm their independence and stay away from the reliance to fossil fuels. In this book, you will learn about: What Is Living Off The Grid? Advantages of Living off the Grid. Is It Practical To Live Off The Grid? What Do You Need To Live Off The Grid? And many other useful things!

### **Steven Chabotte**

The Weekend Prepper

#### *The Prepper's Guide to Disaster Water Security*

When disaster strikes your community, are you going to be one of the 1000's waiting in a FEMA line every day for your ration of water? Or are you going to be the hero, the person who planned ahead and can take care of your family in the comfort of your home during the disaster and subsequent recovery? If you want to be the hero, you need The Prepper's Guide To Disaster Water Security your complete guide to building a bulletproof water program

### **Susan Stewart**

Practical Inspirations

#### *Family Preparation in the City & Suburbia*

Susan K. Stewart's Family Preparation in the City and Suburbia dispels the myths that preppers are sequestered away from society in underground bunkers. She shows how even families living in a high-rise apartment building can be ready for any type of emergency. An emergency can be anything from an extended illness to a natural disaster to economic downturns. With her trademark practical solutions, Susan offers advice to every family to be ready for any unexpected event.

### **Tammy Trayer**

Trayer Wilderness

#### *HowTo Embrace an Off-Grid Lifestyle*

Are you unsure of what it means to live off-grid? You've heard all kinds of stories and just don't know what to expect? Are you looking to be more self-sufficient or truly desire to live the dream of freedom? Blogger and off-grid homesteader Tammy Trayer shares her life and that of her family hoping to inspire faith and freedom into the hearts of readers. She strives to debunk off-grid living and help people fully understand the pros and cons of living an off-grid lifestyle by

sharing her story and the ins and outs of off-grid living. Additionally, you will have access to many resources, printable pages and downloadable information.

### **Todd Sepulveda**

Prepper Website

*Your Family Matters*

Your family matters! As you do life, what wouldn't you do for your family? We sacrifice, plan, worry, and dream, all for our family. We want the best for them! And when a family member is hurting, we hurt too! As a husband, mother or parent, wouldn't you want to do everything in your power to mitigate the negative effects of ANYTHING on your family? That's why we prep! The wide variety of essays touch on many topics in preparedness. In this book, there is something for every family member, regardless of age.

### Pioneering Today Academy

Pioneering Today Academy is 5 generations of self-sufficiency knowledge in one place where you learn how to raise your own food from livestock to fruits, veggies, and herbs, including seed saving, butchering your own chickens, preserving the harvest with home canning, rendering your own lard, soap making, and more.

Learn how we raise all of our own meat and a years worth of many fruits and vegetables, preserving those vegetables and meat (+ venison), including how to smoke and can fish, growing your own kitchen and medicinal herb garden, and how we do it while still working day jobs. Your videos and training are ready and waiting for you.

Get 1 month free.

### Trayer Wilderness Academy

Trayer Wilderness Academy would like to provide you with a month of free training at our academy. The doors will be opening August of this year. You'll find training on homesteading, off-grid living, traditional, primitive, and wilderness survival skills, etc.

You will learn things such as homesteading/off-grid living with a special needs child, how we overcame autism, cooking from scratch, catering to special diets, preserving your own food (including meat), how to knit socks, how to build a shelter from materials in your surroundings, blacksmithing, how to fell a tree, how to maintain your saws, how to sharpen an axe or saw and even how to hunt, field dress, and butcher your own meat.

With an uncertain future, we are educating today for a better future for tomorrow!

Get one free month when the Academy opens August 1st.

### MadeOn Skin Care

"Hard Lotion" is a lotion "bar" that is solid at room temperature and made with just three ingredients (shea butter, coconut oil and beeswax). It is designed specifically to heal and protect hands and feet from cracked and extremely dry skin. Our name is "MadeOn" because we sign and date the products so that you know when it was made.

Get a FREE Bug Block Stick (just pay shipping)

### Seeds For Generations

Seeds for Generations is a family business that provides organic heirloom garden seeds and inspiration for families to garden together and produce more of their own food. Founder Jason Matyas has gardened his entire life, and together with his wife and 7 children, they raise and

preserve most of the vegetables they eat each year. They are passionate about inspiring and teaching others to grow more of their own food, that our families, communities, and nation would be more self-reliant and healthy for generations to come.

Get 25% off on seeds, valid through Sep 30, 2017 for one use per customer (does not apply to non-seed products)

#### Beyond Off Grid

Beyond Off Grid is a documentary film and media project devoted to inspiring and equipping you to Return to the Old Paths of sustainable self-reliant living. Our documentary film informs why you need to reduce your dependence on modern systems. Our online and video training brings you experts and experienced homesteaders to teach the skills needed to survive and thrive with a more self-reliant lifestyle.

Get 25% off the Beyond Off Grid DVD + online pass  
Or get \$50 off the Summit Online Course by using the link below

#### SCOUTbox

SCOUTbox is a monthly subscription box service built specifically for scouts, by scouts. Started by two Eagle Scouts, the goal of SCOUTbox is to provide quality gear, accessories, and educational materials to enhance the outdoors and general preparedness for boys, girls, and adults from a variety of scouting programs. It's the best way to get your kids and family members engaged in preparedness in a fun way!

Get an extra 10% off a 3-month SCOUTbox subscription

#### Mike The Gardener Enterprises

We are the exclusive home for Mike the Gardener's Seeds of the Month Club. We also provide to you all the information you will need to turn those seeds into a bountiful harvest!

Save 40% on a Seeds Of The Month Club membership
